DEPARTMENT OF EDUCATION
2007–2008 School Year Reports

Dear School Board Members and School Personnel:

The Maine Educational Assessment (MEA) is the State's measure of student progress in achieving the State standards known as *Learning Results,* adopted by the Maine Legislature in 1997. These *Learning Results* established goals for what all students should know and be able to do at certain times in their school careers and are the basis for Grade Level/Span Expectations, which describe the assessment standards for each grade. The MEA is administered to students in all grades 3 through 8 to meet state assessment requirements and the requirements of the federal *No Child Left Behind* Act.

The 2007-2008 MEA summary reports contain the results of student achievement in reading and mathematics at all grades, science and technology at grades 4 and 8, and writing at grade 5 based on achievement standards set in 2006 and disaggregated by student and school characteristics. This report, together with MEA individual student and subject-specific class analysis reports, provides support for use in program evaluation and planning.

MEA results reflect scores based on test questions that are taken in common by the approximately 15,000 students in each grade level. Students' scores in each content area are based on answers to a combination of multiple-choice questions and questions that require students to construct an answer. The grade 5 writing reports provide information on a student's ability to respond to a prompt measuring narrative writing. More information about the design of the MEA is available at www.maine. gov/education/mea/index.htm.

I look forward to working with you in support of our continued efforts to improve the quality and effectiveness of the instructional opportunities designed to help all students achieve the high standards of the *Learning Results* and demonstrate that achievement through performance on the Maine Educational Assessment.

Sincerely,

Susan A. Gendron
Commissioner of Education

School Report
Grade 4

Test Date: March 2008
Code: 11251333
SAU: Otis School Department
School: Beech Hill School

Contents of the Report

The report is divided into two main sections including a section describing the students tested and a separate section for the results in each content area.

SUMMARY OF SCORES

Summary of School, SAU, and State Scores

Year	Average Scaled Score		
	School	SAU	State
ELA – Reading			
2005–2006	444	440	444
2006–2007	445	443	445
2007–2008	**443**		**445**
Cum. Avg.*	444		445
Mathematics			
2005–2006	448	445	444
2006–2007	442	442	445
2007–2008	**451**		**445**

Non-participation – other	0	0	0	0	11	0	0	0	0	0	68	0	0	0	0	0	80	1						

1 Percents are the percentage of students enrolled in each participation category.
2 Percents are the percentage of students, including those who participated through alternate assessment (PAAP), who participated in the content area.
3 Percents are the percentage of students in each content area by mode.

ELA–READING RESULTS

STUDENTS AT EACH ACHIEVEMENT LEVEL

ACHIEVEMENT LEVEL DEFINITIONS

The quality of a student's work at each achievement level reflects progress in attaining Maine's Grade Level Expectations in English language arts – reading.

		School N	School %	SAU N	SAU %	State N	State %
Exceeds the Standards – The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by drawing in-depth inferences, analyzing texts for subtle clues, synthesizing information across texts, and using his/her knowledge of text features and literary devices to make deeper connections within or across texts to increase comprehension. (scaled score 461–480)	2005-2006	1	8	0	0	601	4
	2006-2007	0	0	0	0	507	4
	2007-2008	**0**	**0**			**559**	**4**
	Cum. Total*	1	3			1667	4
Meets the Standards – The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by drawing inferences, summarizing main ideas and providing supporting details, connecting ideas within and across texts, and using his/her knowledge of text features and literary devices to increase comprehension. (scaled score 441–460)	2005-2006	6	50	2	33	7910	57
	2006-2007	9	69	6	86	8749	63
	2007-2008	**6**	**67**			**8308**	**59**
	Cum. Total*	21	62			24967	60
Partially Meets the Standards – The student's work demonstrates an inconsistent ability to read and interpret literary and informational texts appropriate for the grade level. The student's ability to draw inferences, summarize main ideas and provide supporting details, connect ideas within and across texts, and use his/her knowledge of text features and literary devices varies depending on the texts. (scaled score 431–440)	2005-2006	5	42	4	67	3970	29
	2006-2007	4	31	0	0	3467	25
	2007-2008	**2**	**22**			**3922**	**28**
	Cum. Total*	11	32			11359	27
Does Not Meet the Standards – The student's work demonstrates a limited ability to read and interpret literary and informational texts appropriate for the grade level. The student's responses are often vague or incorrect leaving the impression that the student found it difficult to draw inferences, summarize main ideas and provide supporting details, connect ideas within and across texts, or use his/her knowledge of text features and literary devices to support comprehension. (scaled score 400–430)	2005-2006	0	0	0	0	1421	10
	2006-2007	0	0	1	14	1165	8
	2007-2008	**1**	**11**			**1264**	**9**
	Cum. Total*	1	3			3850	9

Learning Results Content Standard Cluster	Number of Points Possible N	Number of Points Possible %	Average Points Attained (Number and Percent) School N	School %	SAU N	SAU %	State N	State %
Total Reading Cluster	**48**	**100**	28.9	60.2			29.7	61.9
Literary Text	**24**	**50**	14.4	60.0			15.5	64.6
Informational Text	**24**	**50**	14.4	60.0			14.2	59.2

The Maine *Learning Results* reading cluster includes Content Standards A (Process of Reading), B (Literature and Culture), and D (Informational Texts). The MEA assesses students' reading skills based on questions related to two types of reading passages: literary and informational. Passages include both long and short texts, selected from developmentally appropriate works. Items on the MEA measure Grade Level Expectations, based on Maine's 1997 *Learning Results*, which can be found at http://www.maine.gov/education/lsalt/gles.htm.

*Percentages are calculated by dividing the cumulative total of the number of students in the achievement level by the cumulative total of the number of students tested.

MATHEMATICS RESULTS

MEA Maine Educational Assessment

STUDENTS AT EACH ACHIEVEMENT LEVEL

ACHIEVEMENT LEVEL DEFINITIONS

The quality of a student's work at each achievement level reflects progress in attaining Maine's Grade Level Expectations in mathematics.

		School N	School %	SAU N	SAU %	State N	State %
Exceeds the Standards – The student's work demonstrates in-depth understanding of essential concepts in mathematics, including the ability to make multiple connections among central ideas. The student's responses demonstrate the ability to synthesize information; analyze and solve difficult problems, including developing and implementing strategies, efficiently and accurately performing procedures, and recording and justifying solutions; and explain complex concepts. (scaled score 461–480)	2005-2006	1	8	0	0	1294	9
	2006-2007	1	8	0	0	1054	8
	2007-2008	**1**	**11**			**1321**	**9**
	Cum. Total*	3	9			3669	9
Meets the Standards – The student's work demonstrates a general understanding of essential concepts in mathematics, including the ability to make connections among central ideas. The student's responses demonstrate the ability to analyze and solve problems including developing and implementing strategies, to perform procedures, and to record and explain solutions and concepts. The student's work may contain minor errors. (scaled score 441–460)	2005-2006	9	75	5	83	7000	50
	2006-2007	5	38	4	57	7394	53
	2007-2008	**7**	**78**			**7079**	**51**
	Cum. Total*	21	62			21473	51
Partially Meets the Standards – The student's work demonstrates incomplete understanding of essential concepts in mathematics and inconsistent connections among central ideas. The student's responses demonstrate some ability to analyze and solve problems, and explain concepts. Problem solving strategies may be flawed, procedures performed inaccurately, methods not recorded and/or problems not completed. (scaled score 429–440)	2005-2006	1	8	1	17	3784	27
	2006-2007	6	46	3	43	3729	27
	2007-2008	**1**	**11**			**3955**	**28**
	Cum. Total*	8	24			11468	27
Does Not Meet the Standards – The student's work demonstrates limited understanding of essential concepts in mathematics and infrequent or inaccurate connections among central ideas. The student's responses demonstrate minimal ability to solve problems and explain concepts. Problem solving strategies and procedures are often flawed or inappropriate and there may be many omissions. (scaled score 400–428)	2005-2006	1	8	0	0	1894	14
	2006-2007	1	8	0	0	1735	12
	2007-2008	**0**	**0**			**1642**	**12**
	Cum. Total*	2	6			5271	13

  A. Numbers and Number Sense
  B. Computation
  I. Discrete Mathematics (grades 3 and 4 only)
Cluster 2: Shape and Size
  E. Geometry
  F. Measurement
Cluster 3: Mathematical Decision Making
  C. Data Analysis and Statistics
  D. Probability
Cluster 4: Patterns
  G. Patterns, Relations, and Functions
  H. Algebra Concepts
  K. Mathematical Communication

Each content standard in the clusters above is defined in Maine's 1997 *Learning Results*, which are the basis for Grade Level Expectations. Each item on the MEA measures a grade level expectation, which can be found at http://www.maine.gov/education/lsalt/gles.htm.

*Percentages are calculated by dividing the cumulative total of the number of students in the achievement level by the cumulative total of the number of students tested.

SCIENCE AND TECHNOLOGY RESULTS

MEA Maine Educational Assessment

STUDENTS AT EACH ACHIEVEMENT LEVEL

ACHIEVEMENT LEVEL DEFINITIONS

The quality of a student's work at each achievement level reflects progress in attaining Maine's Grade Span Expectations in science and technology.

ACHIEVEMENT LEVEL DEFINITIONS	Year	School N	School %	SAU N	SAU %	State N	State %
Exceeds the Standards – The student's work demonstrates in-depth understanding of essential concepts in science, including the ability to make multiple connections among central ideas. The student's responses demonstrate the ability to synthesize information, analyze and solve difficult problems using the processes of scientific inquiry, and explain complex concepts using evidence and proper terminology to support and communicate logical conclusions. (scaled score 461–480)	2005-2006	1	8	0	0	751	5
	2006-2007	0	0	0	0	963	7
	2007-2008	**2**	**22**			**882**	**6**
	Cum. Total*	3	9			2596	6
Meets the Standards – The student's work demonstrates a general understanding of essential concepts in science, including the ability to make connections among central ideas. The student's responses demonstrate the ability to analyze and solve routine problems using the processes of scientific inquiry and explain central concepts with sufficient clarity and accuracy to demonstrate general understanding. (scaled score 441–460)	2005-2006	6	50	4	67	7251	52
	2006-2007	6	46	4	57	6824	49
	2007-2008	**4**	**44**			**7130**	**51**
	Cum. Total*	16	47			21205	51
Partially Meets the Standards – The student's work demonstrates incomplete understanding of essential concepts in science and inconsistent connections among central ideas. The student's responses demonstrate some ability to analyze and solve problems using scientific inquiry but the quality of responses is inconsistent. Explanation of concepts may be incomplete or unclear. (scaled score 429–440)	2005-2006	5	42	2	33	4514	32
	2006-2007	6	46	2	29	4382	32
	2007-2008	**2**	**22**			**4433**	**32**
	Cum. Total*	13	38			13329	32
Does Not Meet the Standards – The student's work demonstrates limited understanding of essential concepts in science and infrequent or inaccurate connections among central ideas. The student's responses demonstrate minimal ability to solve problems and use the skills of scientific inquiry. There are many inaccuracies and explanations are illogical, incomplete, or missing. (scaled score 400–428)	2005-2006	0	0	0	0	1458	10
	2006-2007	1	8	1	14	1735	12
	2007-2008	**1**	**11**			**1546**	**11**
	Cum. Total*	2	6			4739	11

Learning Results Content Standard Clusters	Number of Points Possible N	Number of Points Possible %	School N	School %	SAU N	SAU %	State N	State %
Cluster 1: Life Sciences	12	25	8.1	67.5			8.0	66.7
Cluster 2: Physical Sciences	12	25	8.0	66.7			7.2	60.0
Cluster 3: Earth and Space Sciences	12	25	7.3	60.8			7.4	61.7
Cluster 4: Nature and Implications of Science	12	25	8.0	66.7			7.6	63.3

Average Points Attained (Number and Percent)

Cluster 1: Life Sciences
   A. Classifying Life Forms
   B. Ecology
   C. Cells
Cluster 2: Physical Sciences
   E. Structure of Matter
   H. Energy
   I. Motion
Cluster 3: Earth and Space Sciences
   D. Continuity and Change
   F. The Earth
   G. The Universe
Cluster 4: Nature and Implications of Science
   J. Inquiry and Problem Solving
   K. Scientific Reasoning
   L. Communication
   M. Implications of Science & Technology

Each content standard in the clusters shown is defined in Maine's 1997 *Learning Results*, which are the basis for science and technology Grade Span Expectations. Each item on the MEA measures a grade span expectation, which can be found at http://www.maine.gov/education/lsalt/gles.htm.

*Percentages are calculated by dividing the cumulative total of the number of students in the achievement level by the cumulative total of the number of students tested.
